TRANSFORMING FUTURES THROUGH EDUCATION

Stationers' Foundation match fund delivery of the Team Up programme in two schools, Sacred Heart in West London and Rokebury in East London. Having reviewed the impressive results from both these programmes, Leigh Stationers' Academy also host Team Up's programme to support disadvantaged students to reach their potential.

A PARTNERSHIP BETWEEN TEAM UP & STATIONERS' FOUNDATION

More About Team Up:

To improve the life chances of young people through high-quality educational support.

Team Up is an education charity dedicated to improving the life chances of young people from disadvantaged backgrounds. Through high-quality small-group tutoring, Team Up helps pupils develop the academic skills, confidence, and resilience needed to succeed in school and into employment.

Established in 2012, the organisation recruits, trains, and supports volunteer tutors who work with small groups of pupils aged 9–16 from disadvantaged backgrounds.

These structured tutoring programmes in English and Maths strengthen core academic skills while developing confidence, resilience, a positive attitude towards learning and increased social mobility, tailoring programmes to the needs of pupils and aligned with educational priorities.

Key Achievements Include:

- Pupils making accelerated academic progress during the programme
- Significant improvements in confidence and engagement with learning
- High levels of pupil satisfaction and attendance
- Strong positive feedback from partner schools
- Improved attainment and examination readiness

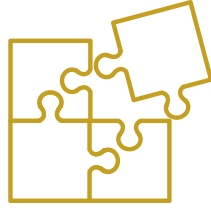

These outcomes demonstrate that targeted intervention can effectively reduce educational disadvantage and help pupils realise their potential, demonstrating that Team Up's impact extends far beyond examination results.

The Programme Helps Young People Develop Essential Life Skills Including:

Communication Skills

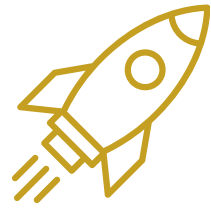

Problem-Solving Ability

Resilience

Self-Believe

Aspirational Thinking

The long-term social return generated by this educational intervention can positively influence individuals, families, and communities for years to come.
